How to unlock the firmament ffxiv

by [Aurvael](#)

on [FFXIV](#)

The Ishgardian Restoration is an initiative wherein Disciples of the Hand and Land joined forces to help reconstruct the Firmament, a district in the Foundation devastated by the Dragonsong War. Thanks to the tireless efforts of skybuilders one and all, the Risensong Quarter now stands complete, bringing the restoration effort to a triumphant close. As a new age dawns in Ishgard, luminaries from across Eorzea have been invited to the Firmament to take part in a ceremony commemorating this momentous occasion. Any Class or Job Lv. 60 Foundation (X:9.7 Y:11.5) Recruitment Notice Players must first complete the main scenario quest "Litany of Peace." Any Class or Job Lv. 60 The Firmament (X:11.4 Y:14.1) Augebert After completing the sidequest "Towards the Firmament," speak with Augebert in the Firmament (X:11.4 Y:14.1) while using any class or job of level 60 or above to experience the latest chapter of the Ishgardian Restoration. * Players who have already participated in the Ishgardian Restoration will also need to speak to this NPC to begin the new chapter. To mark the completion of the Firmament, and to bid welcome to visitors from lands near and far, the people of Ishgard will be holding a festival—the Skyrise Celebration. Chief among the amusements at this festival are fêtes, large-scale games offering attractive prizes to their participants. All are encouraged to take part in these challenges and enjoy a moment of hard-earned respite. A Disciple of the Hand or Land at any level. Time remaining until the next fête can be confirmed at any time in the Firmament via the duty list. The celebration is held in twelve sessions over the course of a twenty-four hour period, with one fête held every two hours. When the celebration is concluded, there will be a rest period of one to two days (Earth time) before the next event period begins. * The timing of fête event periods will differ between Worlds. Players who earn a sufficient rating will receive a Fête Present, which contains any of a number of prizes. These presents can only be opened in towns or field areas. Among these presents are Fête Tokens, which can be exchanged for rewards by speaking with Enie in the Firmament (X:12.0 Y:14.0). The Firmament (X:12.0 Y:14.0) Enie Although the reconstruction of the Firmament is complete, there is still demand for construction materials. Disciples of the Land are tasked with gathering these materials, which are used by Disciples of the Hand to craft any necessary supplies. Speak with Aurvael in the Firmament (X:10.8 Y:14.0) to add the gathering spots for the latest chapter of the Ishgardian Restoration to your gathering log. These locations include those found in the Diadem, which contain materials used in Ishgardian Restoration recipes. The Firmament (X:10.8 Y:14.0) Aurvael The Diadem is an area exclusively for gatherers and offers items used in Ishgardian Restoration crafter recipes. Time Limit 180 minutes Level Requirement Miner/Botanist/Fisher Lv. 10 Number of Participants 1 to 8 Players Special Weather Conditions Some items can only be gathered under certain weather conditions. Should such conditions occur, it is the ideal time to seek out these rare items. Aetheromatic Auger During forays to the Diadem, you will gain access to the duty action Aetheromatic Auger. In order to perform the action, you must first increase the auger's store of compressed aether by gathering as a miner or botanist. When you have enough compressed aether, you may expend it to unleash a powerful attack against an enemy. Enemies defeated using the auger are known to yield a wealth of resources. Experience Point Gain Adjustments are made to experience point gain for each item gathered. To a certain degree, even low-level items will grant experience points appropriate to the player's current level. Flotpassant in the Firmament (X:10.8 Y:14.0) will inspect any items gathered in the Diadem. The Firmament (X:10.8 Y:14.0) Flotpassant * The image shown is from the second phase of the Ishgardian Restoration. Upon inspection, skybuilders' scrips are awarded according to the number of items and their type. Inspected items can also be used in Ishgardian Restoration crafting recipes or sold on the market. Upon unlocking Ishgardian Restoration, you may speak with Potkin in the Firmament (X:12.2 Y:14.6) to have project-specific crafting recipes added to your log. The Firmament (X:12.2 Y:14.6) Potkin * The image shown is from the second phase of the Ishgardian Restoration. Supplies can be delivered to Potkin in the Firmament (X:12.2 Y:14.6), in exchange for which you will receive skybuilders' scrips and experience points as a reward. Every item contributed adds to the stockpile. * You can continue making deliveries even after all works are completed, and receive skybuilders' scrips and experience points. The Firmament (X:12.2 Y:14.6) Potkin * The image shown is from the second phase of the Ishgardian Restoration. The restoration status of all Worlds can be viewed at the Builders' Progress Report page below. At the conclusion of the Firmament's reconstruction, ranking results from all crafters were tallied based on class. A monument was then built in honor of the crafting class in each World with the highest combined score, modeled after the crafting tool used by said class. Crafters submitting items to the Ishgardian Restoration can participate in the Kupo of Fortune. * The corresponding class must be level 20 or above. Stamps The Kupo of Fortune is a game of chance that can be played by delivering certain items to Potkin in the Firmament (X:12.2 Y:14.6) and collecting stamps on a voucher. Once you have collected five stamps, you may exchange the voucher for a Kupo of Fortune card. You may carry up to ten Kupo of Fortune cards. The items that offer stamps vary according to the player's crafter class level. The Firmament (X:12.2 Y:14.6) Potkin * The image shown is from the second phase of the Ishgardian Restoration. To play, hand a Kupo of Fortune card to Lizbeth in the Firmament (X:12.2 Y:14.6). The Firmament (X:12.2 Y:14.6) Lizbeth * The image shown is from the second phase of the Ishgardian Restoration. Upon each card, there are four treasure chests depicted by hexagons—one on the left and three on the right. You may choose one chest to scratch open. The lone chest on the left offers second to fourth prize, while the three chests on the right offer first to fifth, with the fifth being a consolation prize. The prizes available change each time, and we recommend that you review the prize list before playing. The skybuilders' board, located in the Firmament (X:11.4 Y:14.1), offers pertinent information concerning the district. Previous steps of the Ishgardian Restoration can be viewed from the skybuilders' board in the Firmament, under Past Progress. * The image shown is from the second phase of the Ishgardian Restoration. Below, players can confirm the final results of the skybuilder rankings. To view rankings in game, speak with Ludovraint in the Firmament (X:10.6 Y:14.6). The Firmament (X:10.6 Y:14.6) Ludovraint Skybuilders' scrips you earn can be taken to Enie in the Firmament (X:12.0 Y:14.0), who will offer you a selection of wares in exchange. * You can continue making deliveries even after all works are completed, and receive skybuilders' scrips and experience points. The Firmament (X:12.0 Y:14.0) Enie With the release of Patch 5.41 and the addition of new rewards it seems the Ishgardian Restoration and the Diadem have a lot to offer in Final Fantasy XIV! In this guide, we will cover the various mechanics of the Diadem as well as the list of rewards available in exchange for Skybuilder's Scrips. Once you have unlocked the Ishgardian Restoration in Ishgard via the "Towards the Firmament" quest, you'll have access to the Firmament. This zone will guide you through the reconstruction of Ishgard and more importantly here, to the Diadem and your rewards. To unlock the Diadem you simply need to use a Lv.10 gatherer class and speak to Augebert in the Firmament (X: 11.4 Y: 14.1). Follow the yellow exclamation point until you need to speak with Aurvael located a few meters away (X: 10.8 Y:14). You will then be able to go into the Diadem with any of your Lv.10+ gatherers. Gathering in the Diadem Once inside the Diadem, you will get access to numerous gathering spots, be it mineral deposits or fishing spots. Most gathering nodes seems to be distributing the new resources at random, meaning that mining the same spot twice, for example, will not always give you the same materials. Materials go from Lv.10 to 80 — the higher the level the Higher the number of scrips and ranking points you get from it. Rare materials also exist in the Diadem and are only available in given weather windows: Umbral Flare, Umbral Tempest, Umbral Levin, Umbral Duststorm Gathering like you usually do is not the only way to get new materials in the Diadem. In fact, the addition of a brand new weapon for gatherers gives players the ability to charge an Ather gauge before unleashing an attack, defeating monsters and getting materials from them! Feel free to use this new Aetheromatic Auger as much as you can and get extra collectibles! Approving your materials Gathering resources in the Diadem will not allow you to use these just yet. In fact, you will need to talk to Flotpassant in the Firmament in Ishgard (X 10.8 Y:14) in order to get your materials approved. Getting approval for your materials will award you with Skybuilders' scrips on top of giving the opportunity to use these materials in exclusive Ishgardian Restoration crafts. Getting approval is available for Miners, Fishers, and Botanists. NOTE: Unapproved materials cannot be traded or sold. On the contrary, once approved, Grade 2 materials can be traded! Rewards Players will be able to exchange your Skybuilders scrips for an updated list of exclusive rewards! To exchange your scrips you'll need to speak with Enie in the Firmament (X:12 Y:14). We hope this guide will help you with the new Diadem system. If you have any questions or information you want to share, feel free to leave us a message in the comments section below! The Big Shell is new in FFXIV and here is how to unlock this crab mount. The broom emote is new in FFXIV and here is how to unlock it. The riceball emote is new in FFXIV and here is how to unlock it.
